DETAILED ACTION

Claim Objections

Claims 14-18 are objected to under 37 CFR 1.75(c) as being in improper form because a dependent claim cannot depend on a canceled claim (i.e. claim 1). See MPEP § 608.01(n). Accordingly, the claims 14-18 have not been further treated on the merits.

Allowable Subject Matter

Claims 10-13 are allowed.

The following is a statement of reasons for the indication of allowable subject matter: the claims as supported by the specification differs from the prior art in that it does not specifically teach the use of a gas supply source in which at least one of the gas sources is a pure molecular halogen gas.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within

Art Unit: 1725

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
